

# An Authorized Duke Energy “SmartPath Program” Contractor

Providing *Energy-Efficiency Lighting Upgrades* for your Business

## Duke Energy SmartPath Benefits:

- Minimal to zero up-front investment
- Rebate incentives up to 75% of the total project cost
- Get the energy efficient upgrades you need with less or no capital
- Free audit, proposal and savings report
- Turnkey professional installation service from a qualified trade ally you can trust

## NetZero USA is a Single Source Provider:

- *Certified Energy Auditing*
- *Provides a financial grade proposal and savings report*
- *In-house engineering and design*
- *Manufactures its own technology*
- *Provides “turn-key” installation with our in-house Licensed Electrical Division”*
- *Provides on-site Warranty*
- *Provides in-house financing to avoid out-of-pocket cost*
- *Warranties include material and labor for the full term of the warranty*
- *Warranties have no-exclusions and no small-print. If a NZUSA product fails, we replace it and do so on-site at your facility.*
- *Handles all applications and processing for the Duke Energy rebates, incentives and assignments*
- *Buy direct from the manufacturer, no agent or distributor markups*
