FUNDING SOLUTIONS TARGETED TO YOUR BUSINESS NEEDS.

NetZero USA® provides financing solutions tailored towards specific customer needs.

Whether you are a commercial entity, a non-profit charity, a municipality or a multinational corporation, NetZero USA® has a solution that will work for you. In fact, our low-cost financing options can often times create positive cash flow from the beginning of the project.

With a breakeven point of less than 36 months for many projects, the monthly savings associated with the project can be greater than the monthly loan payment. Positive cash flow from day one is not uncommon.
