

Jerry McCormick

Speaker | Consultant | Author

Jerry McCormick is an Internationally recognized security expert focusing on Workplace Violence Prevention, Facility Safety, Facility Security Practices, De-Escalation, Conflict Resolution and Distracted Driving. Each Keynote or Corporate Training is backed by extensive research. Jerry has researched 327 cases of active shooters to train first responders.

He just completed interviewing 10,000 police officers to find out why they are rarely victims of crime to train employees. He is certified by Homeland Security to complete Critical Infrastructure Assessments. Jerry spent 8 years in the US Marines, and has 30 years in a law enforcement career, retiring as a Police Captain with the Cary, NC Police Department.

Empowering Teams to Prevent, Prepare, and Protect

Jerry has a way of communicating that is relatable and memorable. These sessions can be reflection points for employees when they face challenging situations and will help them make better choices for their safety.

ADDITIONAL WORKSHOPS AND TOPICS

Workplace Violence Prevention: Equip your team with actionable skills to identify threats, implement safety protocols, and respond effectively to critical incidents. Based on extensive research and real-world insights, this training empowers employees to stay prepared and confident in any situation.

De-Escalation Techniques: Conflict and aggression are inevitable in any workplace. Jerry's de-escalation workshop provides employees with tools to diffuse volatile situations effectively and calmly.

Facility Security Assessments: Optimize workplace safety with a comprehensive security review. Jerry provides expert recommendations on camera placements, access controls, and emergency shelter planning to minimize vulnerabilities and ensure readiness.

Distracted Driving Risk Reduction: Promote safer driving habits among employees and fleet drivers. This session highlights key risks, such as phone usage and aggressive driving, while offering practical strategies to prevent accidents and reduce costs.

"Jerry has an unbelievable program that is educational, inspirational and I would recommend this program to just not public safety but to all types of businesses and organizations. Jerry brings his well-balanced wealth of knowledge of this subject and his ease of presenting the material is right on target."

What 10,000 Police Officers Know to Keep You Safer

Jerry McCormick is finalizing his groundbreaking book, based on **interviews with 10,000 police officers** from the U.S., Europe, China, and the Middle East. This extensive research uncovers six key reasons why police officers are rarely victims of person-vs-person crimes, offering actionable insights for employees to enhance their personal safety in an era of increasing workplace violence.

What to expect:

- ✓ Comprehensive strategies for personal and workplace safety.
- ✓ Real-world insights drawn from decades of law enforcement and security expertise.
- ✓ A practical guide for employees to navigate modern safety challenges.

As a result of Jerry's guidance, our team is better equipped to handle the myriad of threats we may encounter, ensuring the safety of our staff, patients, and visitors. The newfound sense of confidence and preparedness that our employees have gained will undoubtedly contribute to a safer and more secure work environment.
